

## Focused on finding talent.

Benefits continue to proliferate in the Biotechnology Industry, with breakthrough developments and innovation in medicine and agriculture contributing towards a better future for everyone. In today's environment, supporting growth and fostering innovation will insure continued success. The Chatham Group can partner with you to find great people to help foster that growth and innovation. Our strength is in finding top candidates that understand the specific technologies, processes and applications to make them successful in your organization. From pharmaceuticals to agricultural products, research and development to sales, The Chatham Group has been a key resource for many organizations. Whether our clients are Fortune-500 companies, or smaller companies, our focus has always been on providing our clients with the best possible talent to get the job done.
